

We would like to reiterate the importance of fully understanding and following the guidelines to safely living on campus in Spring '21. ***Please make sure to read and review our Summary of Spring '21 's, Housing Conditions, with an important reminder:***

# VIOLATIONS OF THESE STANDARDS MAY RESULT IN THE LOSS OF YOUR HOUSING CONTRACT FOR THE YEAR WITHOUT REFUND.

Most notably, we want to make sure to echo our Housing Conditions with a focus on:

## VISITATION

As a reminder, visitors are *not* permitted in the residence halls for any reason, with the exception of ARS-approved disability accommodations (e.g., personal health aides). Only residents officially assigned to a particular room/suite/apartment/building are permitted to be physically present in those spaces.

**?** Can my suitemate or roommate in my apartment come into my room?

NO. Even if you share a suite or apartment with other students, *no one is allowed to go into another student's private room within that space.*

**?** What if my Community Office or my laundry room is in another building?

Where applicable, residents will be allowed to enter another building in their residential community for the sole purpose of visiting the Community Office or accessing laundry facilities. You must wear a mask the entire time.

## MASKS/ FACE COVERINGS

In accordance with the University's guidelines on face coverings and face masks, you are required to wear a face covering/mask at all times while indoors in residence hall:

- restrooms
- stairwells
- lobbies
- inside your suite or apartment
- elevators
- all other common areas

**?** Do I have to wear a mask in my room?

The only place you will not be required to wear a covering/mask is in your assigned residence hall room when the door is closed.
